EVENTS

Brian Cyester

Sat. Sept. 20th. was the Atascadero Veterans Memorial Poker Benefit Ride. We had 6 members from our club show up for the run. It was a great run taking us on the backs roads of Paso Robles, Atascadero. Creston. Santa Margarita, etc.

We made a few unscheduled stops, (like wineries, bars, etc.) but when we finally got back to the Lake Park they had just ran out of food, but in about 15-20 minutes they came up with more. They had about double the amount of people than they planned on. The people that went on the run really had a good time.

Oct. 4th. Vapor Trails is putting on a Car Rallye , Poker Rallye, car show. Flyer enclosed.

Oct. 18th. is the Paso Robles Harvest Festival. The club has showed no interest. Becky and I are willing to host a Halloween Party at our home on Sat. Nov. 1st. (flyer to come.)

See you at the next event.

Lovers of the English language might enjoy this. It is yet another example of why people learning English have trouble with the language.

Learning the nuances of English makes it a difficult language. (But then, that's probably true of many languages.)

There is a two-letter word in English that perhaps has more meanings than any other two-letter word, and that word is 'UP.' It is listed in the dictionary as being used as an [adv], [prep], [adj], [n] or [v].

It's easy to understand UP, meaning toward the sky or at the top of the list, but when we awaken in the morning, why do we wake UP?

At a meeting, why does a topic come UP? Why do we speak UP, and why are the officers UP for election and why is it UP to the secretary to write UP a report? We call UP our friends and we use it to brighten UP a room, polish UP the silver, we warm UP the leftovers and clean UP the kitchen. We lock UP the house and some guys fix UP the old car.

At other times the little word has a real special meaning. People stir UP trouble, line UP for tickets, work UP an appetite, and think UP excuses.

To be dressed is one thing but to be dressed UP is special.

And this up is confusing: A drain must be opened UP because it is stopped UP.

We open UP a store in the morning but we close it UP at night. We seem to be pretty mixed UP about UP!

To be knowledgeable about the proper uses of UP, look the word UP in the dictionary. In a desk-sized dictionary, it takes UP almost 1/4 of the page and can add UP to about thirty definitions

If you are UP to it, you might try building UP a list of the many ways UP is used. It will take UP a lot of your time, but if you don't give UP, you may wind UP with a hundred or more.

When it threatens to rain, we say it is clouding UP. When the sun comes out we say it is clearing UP. When it rains, it wets UP the earth. When it does not rain for awhile, things dry UP.

One could go on & on, but I'll wrap it UP, for nowmy time is UP, so time to shut UP!

Oh...one more thing:

What is the first thing you do in the morning & the last thing you do at night?

U P

Don't screw up. Send this on to everyone you look up in your address book.

Now I'll shut up
